

STARK AUTOMOTIVE

SMS SOLUTIONS · SHOP MANAGEMENT SOFTWARE

From one van to ten stores.

Shop management software built by a working tech — mobile-first for the solo operator in the van, with the roles, dispatch & infrastructure to run a multi-store operation.

-  Built mobile-first — van QR, arrival check-ins, everything from your phone
-  Repair orders — estimates to invoicing in one flow
-  Daily R.O. generation — recurring schedules auto-build tomorrow's repair orders
-  Online booking + "Book online" on your Google listing
-  Customer portal & texting — approvals on their phone
-  Scales to multi-store — roles, dispatch & per-store infrastructure
